### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or fairly suggest a corneal surgery apparatus for reshaping a cornea with three dimensional positioning means that takes into account the duction angle of the eye obtained by comparing images of the eye using image processing and calculating a correction for eye duction that is included in the positioning of the surgical device. U.S. Patent Application Publication US 2002/0097378 teaches image processing to determine corrections based on eye torsion, however, this correction fails to anticipate the explicit means for requirement for corrections based on duction of an eye.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Henry M. Johnson, III whose telephone number is (571) 272-4768. The examiner can normally be reached on Monday through Friday from 6:00 AM to 3:00 PM.
